

CLIENT CONSENT

for obtaining a visa to the Republic of South Africa

I confirm that I have read the terms and conditions for obtaining a visa to the Republic of South Africa and agree to the following:

1. The processing time for a visa application at the South African Embassy usually takes at least 15–20 working days. Including delivery time, the procedure may take approximately 5 (five) weeks or longer, especially during periods of high embassy workload (August–March).
2. Viisa OÜ Visa Center is not responsible for the actual processing time of documents by the South African Embassy, nor for possible delays or refusal to issue a visa.
3. If the visa is issued 1–3 working days before the departure date, I may be required to personally visit the South African Embassy in Stockholm to collect my passport, as courier delivery to Tallinn may be impossible on such short notice.
4. In case of a necessary personal trip to Stockholm, all expenses (airfare, accommodation, transport, etc.) will be covered by me.
5. Paid services of the visa center are non-refundable. No compensation is provided for processing delays or the need for personal passport collection in Stockholm.

I have read and understood these terms and conditions and will not make any claims against the visa center.
